

Selection of 2021 TSR races

The 2021 race selection method is special due to the Covid situation that cancelled most races in 2020.

The list of races and corresponding ranking points are the same as for 2020, except for 2 differences: Ötillö Cannes and Ötillö Catalina have been added. For those 2 races, the statistics used to calculate the ranking points are 2019 (Cannes) and 2020 (Catalina)

Please refer to the 2020 race selection for more information.

Dates are preliminary, as available on the 29th of January 2021.

49 races, 19 countries in 2021
