

Selection of 2022 TSR races

The 2022 race selection method is special due to the Covid situation that cancelled most races in 2020 and impacted the 2021 agenda.

The list of races is a combination of races that occurred in 2021 and races that were cancelled in 2021 but had received credits from 2019 or 2020. Exceptionally once again, TSR is trying to be more inclusive in 2022. However total distance must be over 20km and under 100km and if the event hosts several races, only the longest distance race will be accounted for.

Please refer to the 2020 and 2021 race selection for more information.

Dates are preliminary, as available on the 10th of March 2022.

58 races, 18 countries in 2021

Race	Date	R1	R2	R3	R	Country
Ötillö Worlds	5-Mar	600	102	100	802	Sweden
